PVT ITI: OVERVIEW

Approved by DGET- Delhi & DVET- Maharashtra

WHAT IS ITI

ITI is Industrial Training Institute it is a government training organization responsible for providing students with industry-related education. Specifically, these institutes are set up to offer technical information to students who have just passed the 10th level and are interested in gaining some technical knowledge rather than higher education. ITI is established by the DGET, the Ministry of Skills Development and Entrepreneurship and the Government of the Union to provide training in different trades. The main goal of an ITI is to train its candidates for the industry, to prepare them to be ready for work. ITIs also administer apprenticeship courses to make this possible.

OUR CAMPUS

A group of approximately 18 people, likely students and faculty, are standing in two rows on a dirt area in front of a large white industrial-style building. To the left, there is a signpost with a map of India and text in Hindi. The building behind them has a sign that reads "धनश्री इंजीनियरिंग टेक्नॉलॉजी एंड मैनेजमेंट स्टडीस (DIES)". To the right, another building with a blue and white facade is visible. A motorcycle is parked on the far right.
